**Committees assignments are and the importance of these meetings at this time with the up coming adoption of new codes for 2013. It was explained that each Committee goes page by page to see what changes have been made from the code that we are currently on to**

the National Code for the new adoption. These Committees make recommendations as a sub-committee to the full Board to see if we would like to make a Rhode Island Amendment or to adopt it as it is. Once the full Board agrees to make the changes we have a public hearing and then from the public hearing Mr. Leyden brings it across to the Legislature to get it approved and record it with the Secretary of States Office to adopt. We are hoping to adopt codes for July 1, 2013.

Mr. Nash and Mr. Leyden met and put some of the new members on committees that they felt that would best fit them. If you feel as though you would like to be a part of any other sub-committee please let us know so that we can add you to this. If you feel as though you are on too many committees please let us know and we can remove you from those committees. Please also make sure that the e-mails that are listed are correct along with telephone numbers.
